

# Validation Certificate

This certificate lists the features that have successfully completed Wi-SUN Alliance Validation Exercise conducted at a Wi-SUN Approved Test Laboratory

For details, see [www.wi-sun.org](http://www.wi-sun.org)

Identifier: **WSA 0241**

Date of Validation: **September 30, 2020**

Company Name: **Allion Labs, Inc.**

Product Name: **Wi-SUN PHY Test System**

Model Number: **AWPT18001**

Hardware: **1.0 (with Keysight N9020A MXA Signal Analyzer, Keysight E4438C ESG Signal Generator, Rohde & Schwarz CMW500 Wideband Radio Communication Tester)**

Firmware Version: **2018-06-06**

Product Category: **Test Equipment**

Product Profile: **PHY Layer**

Frequency Band(s): **902-928MHz (NA, MX, BZ, AZ/NZ, PH, KR, MY, CN, HK, SG2, TH, VN, JP)**

## Validation Summary

CRSL Version Number: **CRSL 1V28**

CRSL Date: **February 24, 2020**

For and on behalf of Wi-SUN Alliance:

  
Chin-Sean Sum,  
Certification Program Manager
